

Special Education Parent Advisory Committee Meeting

The Special Education Parent Advisory Council (SPED PAC) is a “knowledge based” organization that provides a forum for parents to connect with other parents and professionals who understand their particular needs and concerns. Attendance at these meetings will gain you valuable “tips” from others who understand your challenges. It will equip you with a better understanding of the educational process and delivery of services children receive throughout the Abington Public School District. Please join us to have your questions answered and your voices heard all in an informal setting.

September 29, 2016

1:00 P.M. or 6:00 P.M.

Administration Building

171 Adams Street
